## PROFESSIONAL EXPERIENCE

### Cincinnati Commercial Contracting

Estimating Intern

Cincinnati, OH

May 2017-Aug 2017

- Collaborated with subcontractors to collect price and scope quotes for building material and man hours.
- Projects ranged in value from \$1-30 million.
- Served as a liaison between senior estimators and subcontractors. Communicated with municipal authorities to ensure compliance with zoning and building codes.
- Utilized Revit to build 3D models for marketing purposes. 3D models were used to showcase preliminary design to clients.

### Winston Heat Treating

Junior Operator

Cincinnati, OH

May 2016-August 2016

- Worked with a shift team of 7 to heat treat, sandblast, and ship NADCAP and certified orders for companies such as Lockheed, Boeing, and Honda.
- Received promotion from Sandblaster to Junior Operator after only 2 months experience.
- Prioritized orders under severe backlog conditions to solve operations and personnel issues.

### P.F. Changs

Server

Cincinnati, OH

August 2018-Present

- Practicing time management and prioritization skills through being a full-time student as well as working 20+ hours a week to continue financial independence.
- Responsible for taking customer orders and delivering food to provide the optimal dining experience

### Bucks Tavern

Server

Cincinnati, OH

August 2016-May 2017

- Worked 25-30 hours a week while balancing a full course load to sustain financial independence.
- Tasked with coordinating kitchen and bar orders and delivering food to create a great atmosphere for customers.

---

## EXTRACURRICULAR ACTIVITIES

### SACUB

At Large Senator

August 2018-Present

- Represent fellow students in determining the allocation of \$30 million student general fee.
- Work directly with two prominent student campus organizations to lobby for funds to meet their objectives.
- Participate in weekly debates to assess the practicality of allocating funds to different organizations to maximize the benefit of the student general fee.

### Fossil Free UC

Treasurer

March 2016-December 2017

- Successfully petitioned and was granted time to present solutions to oversight committee on divesting \$1 Billion UC Endowment from fossil fuels.
- Group presentation led to a vote on whether to divest. Also met with UC Endowment CIO, Karl Scheer, to discuss divestment solutions and potential opportunities for collaboration.
